Dear Ms. Fogg:

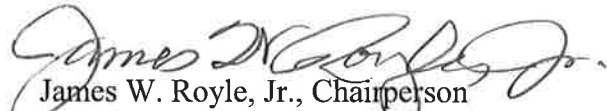

I have reviewed cultural resources aspects of the subject DSEIR on behalf of this committee of the San Diego County Archaeological Society.

Based on the information contained in the DSEIR, we have the following comments:

- (1) Mitigation Measure Cul-1.8 calls for modifying RPO "to apply to demolition or alteration of identified significant historic structures." Part of such revision should be protection of historic structures from demolition by neglect, the situation where a property owner allows deterioration of an historic structure to the point that preservation is difficult or impossible.
- (2) In Cul-2.2, the correct name is "South Coastal Information Center".

Thank you for including SDCAS in the environmental review process for this DSEIR.

Sincerely,

  
James W. Royle, Jr., Chairperson  
Environmental Review Committee
